CTA (ADE)
OTHER TEACHING ACTIVITIES

A SHORT GUIDE TO UNDERSTAND WHAT CTA ARE AND HOW THEY WORK
What are CTA?

- CTA= Choice Teaching Activities (translation for ADE: Attività Didattiche Elettive)

- In other words, CTA are elective activities up to the choice of students

Along the six years of the course, each student has to choose 8 credits among the proposed activities
How do CTA work?

- **First year**: Two electives are proposed and automatically inserted in your plan of study:
  
  - Essay Writing Technique 1 CFU
  - Mathematics 1 CFU

- They are described as OTA=other teaching activities
How do CTA work?

- **Second year:** no electives proposed in the plan of study
How do CTA work?

- **Third year**: proposed electives are
  
  ✓ Personalised Medicine  6 CFU

  OR

  ✓ Evolution and Medicine  (Genetics 3 CFUs, Medical Genetics 3 CFUs)  tot. 6 CFU
How do CTA work?

- **Fourth year:**
  Electives are proposed under the label CTA, provided with a code.

CTA fourth year are worth 2 CFUs

In that CTA «box» you can include any relevant activity of choice, such as seminars, medicine lectures, conferences on specific medical issues ...
How do CTA work?

- **Fifth year:** no CTA present in the plan of study
How do CTA work?

- **Sixth year:**
  Electives are proposed under the label CTA, provided with a code
  CTA sixth year are worth 4 CFUs
  In that CTA «box» you can include any relevant activity of choice, such as seminars, medicine lectures, conferences on specific medical issues ...
How CTA are registered?

- You have to submit proof of attendance to the Dean’s Office (Segreteria di Presidenza).
- An appello will be created in the Esse 3 system for the final registration of CTA.
- The Dean of the Harvey Course will register the elective as a no-mark exam.
Can I add extra credits for CTA?

- Yes, you can, but since they are not included in your plan of study, those credits are in excess

→ Thus, you will have to ask the students secretary to add the extra CFUs by specific request
Thank You!

Any Questions?!
